# *Foreword . . . .*

We, the students of Warwick County High School, present our '47 yearbook, "The Warwick."

We have selected as our theme "Learning to Live Together." Events in our own country and in the world at large have convinced us that one of the most important abilities we can acquire is to get along well with other human beings and to work effectively with them in groups.

Today, as students, we try to cultivate this faculty through our experiences in the classroom with teachers and other students, through student organizations where we can develop our leadership talents, and through sports where team work is vital.

Tomorrow, as doctors, teachers, lawyers, scientists, homemakers, statesmen—we shall be able to face a world in which effective co-operation with others will be necessary to our well being—even, probably, to our survival.

ADVERTISEMENTS

What vocation shall I choose?

What course shall I take in high school?

How may I become a leader of the school group?

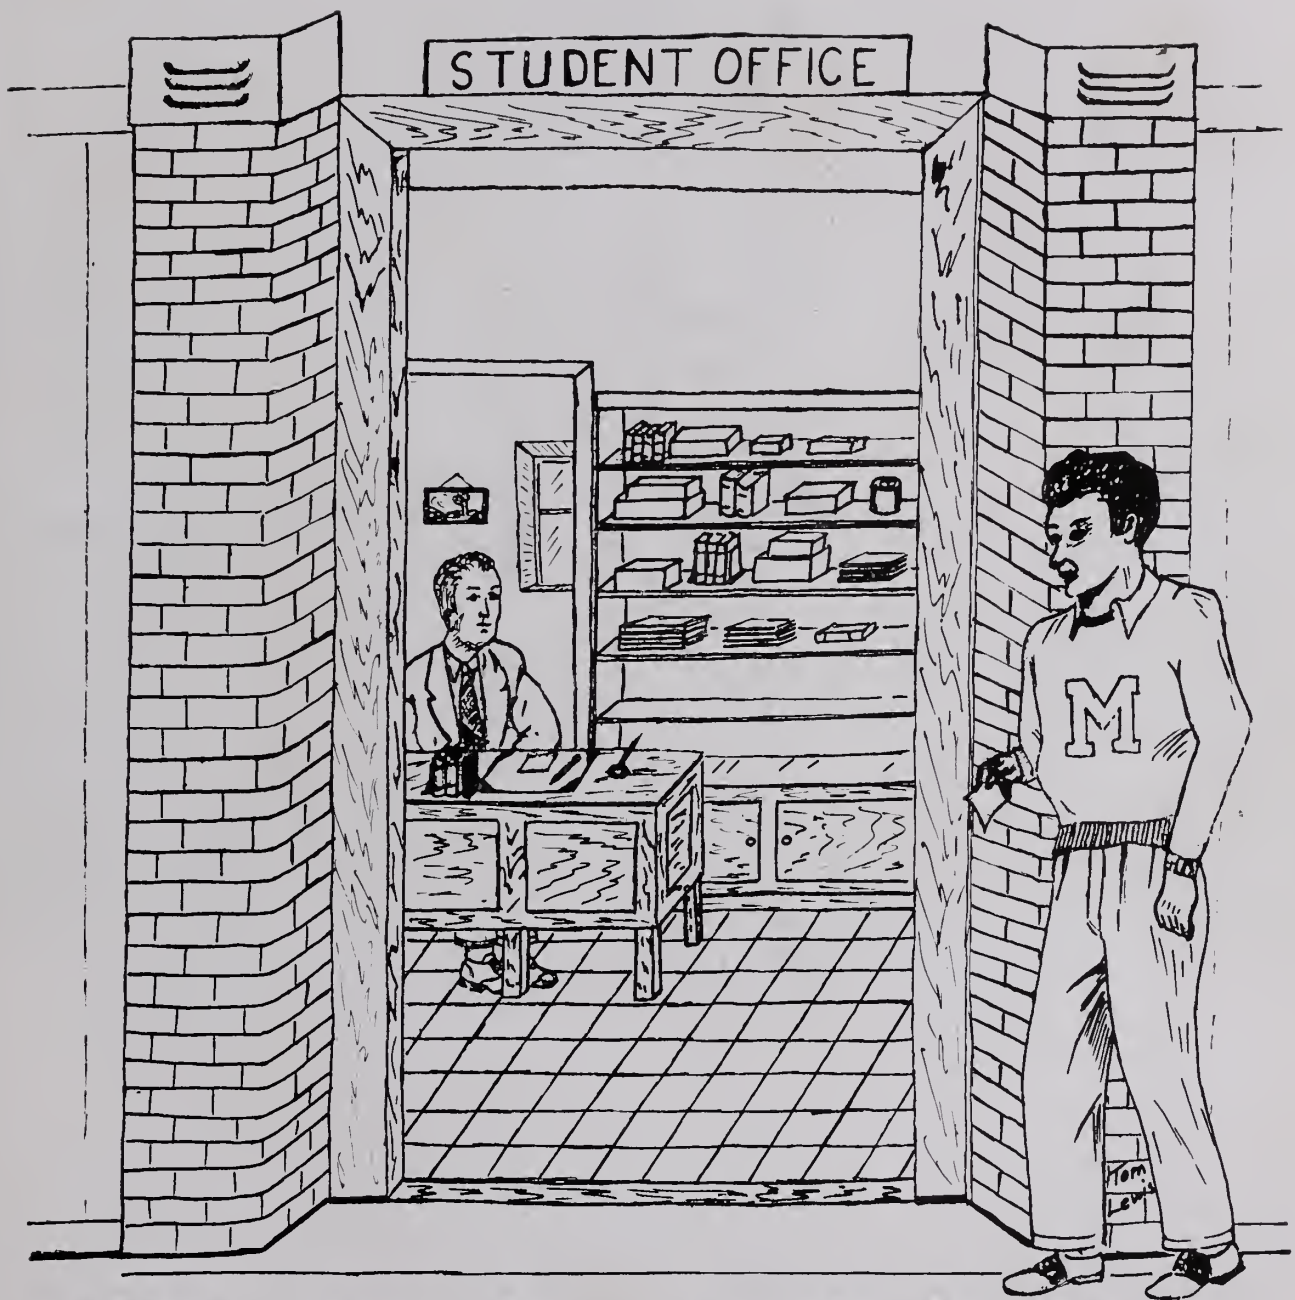
How shall I learn to live satisfactorily with others?

What college shall I attend?

# *Dedication*

A good teacher teaches girls and boys as well as mathematics and history. He is interested in helping them, not only with their scholastic progress, but with any problem important to their happiness and welfare.

Because we believe that our faculty strive to meet these qualifications of the good teacher, we gratefully dedicate to them The 1947 Warwick.



# ADMINISTRATION

SCHOOL BOARD

Seated—Left to right: Mr. T. R. Sanford, Superintendent; Mr. W. T. Newell, Chairman; Mrs. B. Harrison Walker, Mrs. Douglas Petty

Standing: Mr. John Dozier, Mr. W. S. Smith, Jr., Mr. Stanley R. Piland

LACY WAVERLY ANDERSON

*Principal*

In the two years which he has served as principal of Warwick High School, Mr. Anderson has won the confidence and respect of the students for his efficiency in organization and administration and his resourcefulness in helping them solve their problems.

WARWICK

MOOSE HUDSON

Fullback and captain of the football team, number one Fighting Farmer, Moose is a sturdy asset to our major sports—football and basketball. He has had time, despite his varied athletic interests, to act as president of the senior class.

NEFF MATTHEWS

The young man mounting the steps with so much vigor is Neff Matthews —Neff of the engaging grin and the friendly, unassuming manner. He is one of our outstanding athletes in football, track, and basketball, and the capable president of the S. C. A.

DON ASHBY

Don—quiet, poised, efficient—handled the publication of a yearbook without losing his temper or his high scholastic standing. The whole school relies on his ability and willingness to be of service.

ISH MATHENY

Ish is our song and dance man. He is a capable player of the French horn, president of the Warwick Hi Band, member of the All State Band, smooth radio broadcaster, songster in *H. M. S. Pinafore*, and king of the Christmas dance.

Best wishes to a swell friend
Marlene

# Student Cooperative Association

In Warwick County High School, the most important organization is the Student Cooperative Association. Through this organization the students learn through experience how to solve smoothly and effectively the problems of living together. At the meetings of their congress, composed of S. C. A. officers and all homeroom presidents, they discuss the affairs of the school, practice the highly important art of compromise, arrive at decisions, and adopt goals toward which they can work in unity.

This year's particular objectives are: to establish a worth while honor system; to have more frequent and interesting assembly programs; to give to Warwick County Rotary Club full support in raising a fund for the establishment of a substantial stadium on the athletic field; to have a dance a month; to improve the school library; to raise funds for the purpose of buying new stage property; and to improve the gymnasium by buying new equipment and taking care of that already owned by the school. Much work and effort was put forth by the students and faculty to reach these objectives.

Special recognition is due to the president, Neff Matthews, for his splendid work throughout the year, and to Mrs. Geddy, who has been the faculty adviser since the organization was established two years ago.

At the S. C. A. state convention which was held in Thomas Jefferson High School in Richmond, Warwick High was represented by John Piazza, Janet Davis, Louise Barclay, Robert Phelps, and Mrs. Geddy. The theme was "What Youth Think."

During the football season the S. C. A. sponsored a spirited pep rally for the Farmers' "homecoming" game with the "Red Raiders" of Suffolk. This rally started with a snake dance led by the band and was concluded on the banks of the James River. A huge bonfire was lighted on the beach by the cheerleaders. To the tune of demoniac yells the "dummy" of Suffolk was burned!

The dances this year have been marked by enthusiasm. These pleasant social occasions have helped break the daily monotony of the alleged pursuit of learning. The dances range in type from the very informal Hallowe'en Frolic, through the sweater hops and semi-formal Christmas and Washington's Birthday dances, to the Junior -Senior Prom, the grand finale of the social season.

One narrow, dusty, cold, crowded corner of the print shop is dignified by the name Staff Room. This unsightly spot has been the center of heroic efforts this year as the editors of the '47 WARWICK struggled with the innumerable problems of publishing a yearbook.

Don acquired furrows in his brow patiently arranging and rearranging the dummy; Pattye, Rita, and Janet walked all over creation seeking new scenes for snapshots; Elizabeth and Anne formed an effective "pressure group" to persuade the

## HOW THE SPONGE OPERATES

The Journalism Class, under the instruction of Miss Lewis, writes, edits, and circulates the "Sponge." Although this class publishes the "Sponge," they welcome all articles, gossip, and special features from the student body.

## PURPOSE OF SPONGE

The "Sponge," like all other papers, has a purpose. This purpose, or platform as it is sometimes referred to, consists of the standards and ideals to be upheld by the school paper in the coming year. The paper will, as nearly as possible, try to live up to its purposes in every issue of the school year.

The platform of the "Sponge" for the following year is:

To create and maintain a high standard of school sportsmanship and spirit.

## REPORTERS

Paul Hudson, Robert Fisher, Lee Campbell, Paige Flowers, Guy Ellis, Donny Ashby, Hoover Hicks, Otto Naumann

The *Sponge* has been the school's newspaper for the past nine years. The newly organized journalism class, under the experienced guidance of Miss Elizabeth Lewis, is in full charge of collecting news, compiling, proof reading, and finally distributing the finished product twice a month.

Starting from scratch in early September, with more ambition than experience, the staff has worked itself into a first class organization with crack reporters and able editors-in-charge.

# Klick Club

With a supply of cameras, film, and photogenic subjects, the members of the club record the familiar and unfamiliar life of Warwick Hi and the surrounding community.

The thirty-five club members work individually at snapping their shots, and the finished products are submitted to the club sponsor. The most appropriate shots are selected for the school annual.

Under the leadership of the sponsor, Miss Giannotti, and the club president, Otto Naumann, the members of the Klick Club have striven to make the WARWICK more interesting and picturesque.

# Home Economics Club

It isn't every class a poor starving girl can go to and have a bite to eat (or even a meal) with a teacher's permission! When the aroma of hot rolls baking (or perhaps a cake or pie) drifts through the halls, even the boys want to take Home Economics.

The trials and tribulations of a sewing class with thirty people and seven sewing machines are worth the effort when the spring fashion show reveals garments from formals to bathing suits—all the envy of any teenage girl.

# "H. M. S. Pinafore"

The Warwick High School Chorus, under the direction of Miss Jean Slusser and Mrs. A. B. Batte, has done much in this year to help teach the students to enjoy good music. Among their most outstanding undertakings was the presentation of Gilbert and Sullivan's operetta, "H.M.S. Pinafore," a spectacular production, with a large cast, colorful costumes, and new scenery planned, made, and painted by our own newly instituted art class. Priff Proffitt, as Sir Joseph Porter, strutted about cockily with just the proper assumption of indifference to the admiring ladies. Harold Nuttall, as the boatswain, was probably the saltiest sailor. Joanne Beachboard, as Josephine, delighted the audience with the beautiful quality of her singing voice.

Other projects were a Christmas program including the "Hallelujah Chorus" from Handel's "Messiah," participation in the Virginia State Musical Festival, and in the May Day festivities and commencement exercises.

# Warwick High School Band

This year our eighty-eight piece high school band, under the direction of Mr. G. T. Slusser, got off to an early and snappy start. They participated in all our home football games and even traveled to Cradock and Fredericksburg to pep up the team by parading and playing during the halves. The members formed appropriate figures and letters at each game, but their most popular figure was one of a pine tree, with the majorettes forming a saw and cutting it down as the band played "When They Cut Down the Old Pine Tree."

For participation in the Golden Anniversary of Newport News, the Warwick High School Band received a trophy and one hundred dollars as first prize from the Queen of Newport News.

Combining with both Glee Clubs at Christmas, they presented a program featuring familiar carols and other Christmas songs. They also presented a winter concert in February and a spring concert in May.

In February the band sent some of their best players as representatives to the All-State Band. This band is one made up of the best players from all the bands in the state, who meet and hold a three-day clinic under the direction of W. G. Revilli.

One of their most cherished hopes is to go to the Apple Blossom Festival in Winchester where between fifty and sixty bands gather.

Mr. Slusser and his "music makers" have really put Warwick High School on the map.

# Careers Day

One of the unusual events of the year at Warwick County High School was the observance of Careers Day. Outstanding business and professional men and women in the community came to the school and spoke to the students about their professions and vocations, giving both the advantages and disadvantages.

The purpose of this day was to help the students make wise and timely choices of vocations. Some of the careers discussed were: medicine, engineering, farming, teaching, shipyard work, salesmanship, music, architecture, aviation, newspaper work, law, ministry, photography, navigation, interior decoration, army, and secretarial work.

## LATIN CLUB

The "Horatio Societas" has had many stimulating activities this year. Their objectives are to make known a wider knowledge of the Latin language and Roman customs; to extend the knowledge of Latin to the entire student body so that it can be useful, interesting, and purposeful; and to make Latin more interesting and entertaining.

## SPANISH CLUB

El Club de Espanol has sought to add color and zest to their study of the Spanish language through songs, dances, and dialogues. They constantly bear in mind their motto—"Lazos mas estrechos entre las Americas," which means in English—"Stronger ties between the Americas."

The main objectives of the club are: to give the club members a better means of learning about the vocational opportunities in retailing; to promote a better relationship between the consumer and the salesperson as well as a finer understanding between the school and the merchants of the community; to help the students develop an understanding of the store's problems in order that they may better serve their employers.

At their club meeting, of course, planning with their sponsor, Mr. Jones, to render some valuable service to the school or discussing their vocational and academic problems with a distinguished visiting speaker. The president of the club is Robert Phelps, whose active part in school affairs has won him a place of high regard among students and teachers. Other officers are: Vice-President—Myron Pully; Secretary-Treasurer—Allie Lee Good.

# The Shorthand Club

During the year of 1938, the first Shorthand Club was organized under the sponsorship of Miss Giannotti of Warwick High. Since then the club has been maintained by the advanced students in shorthand. This year the club was under the leadership of Edith Morrissett.

The club endeavors to have business programs and entertainment once a month. Their main aim is to stimulate interest in the business field, in new employment, and in progress in secretarialship. A welfare committee takes charge of preparing baskets for those who are in need of help. Another committee keeps a scrapbook of all activities, snapshots of club members, clippings from the school paper, and reports from different committees.

# The Radio Program

Each Saturday over station W G H, the news of the week, sports, fashions, and other activities of Warwick Hi are presented in a radio program. The students arrange and plan these programs under the direction of Miss Barbara Brown. "Ish" Matheny and Jimmy Walker have proved capable leaders. Dave Tinnin, with his spirited sports reviews, has aroused much public interest in the school athletics. The numerous school clubs, including the band and chorus, have participated in the program, showing the varied activites of the school. Janet

Davis has rendered valuable aid in the planning and rehearsals, and Joanne Beachboard has been a special feature with her vocal selections.

The Bank of Warwick makes possible these productions. This sponsorship is greatly appreciated since the students realize that not many high schools have the opportunity for expressing views and displaying varied talents.

# Football Season '46

**Warwick 0—Highland Springs 6**

The Farmers opened the successful and exciting 1946 football season by dropping a hard fought contest to the speedy grid aggregation of Highland Springs to the tune of 6-0 under the lights of Shipbuilders' Park.

**Warwick 33—Oceana 0**

The Warwick men broke into their championship stride on the following Saturday night by plowing under a helpless Oceana squad by a 33-0 count in the Farmers' conference debut.

**Warwick 39—Portlock 0**

Next on the list was the conflict between Portlock Hi and the Farmers. The latter, featuring a power laden ground attack combined with an accurate passing offense, ran at will over the boys from across the river and compiled 39 conference points to their opponents' none.

Left to Right: Dale Bippus, Moose Hudson, Tommy Bonnett

**Warwick 27—Kempsville 0**

The Farmers' first string turned on powerful offensive as the game began and, before the first half ended, they had stacked up the winning count.

**Warwick 14—Cradock 13**

Fresh from three one-sided victories, the Farmers journeyed to the home field of the Cradock Hi Admirals where an otherwise clean and spectacular game was marred by incompetent officiating. The Admirals led until the final moments when a gold-clad crossed the goal line. The officials did not recognize this and a small riot ensued. Thus the game was never finished, and a special board voted down the Warwick protest and presented the Farmers with a defeat.

**Warwick 20—Mount Vernon 13**

Alexandria, Virginia was the scene of the Farmers' next grid war. The boys from Warwick, featuring a powerful ground attack, downed the classy airminded Mt. Vernon Majors by a 20 to 13 count in a nonconference thriller.

Left to Right: Harvey Lee Hudgins, Jack Girton, Frank Merica

**Warwick 6—South Norfolk 6**

Getting back into conference competition, the Farmers crossed the river to battle a powerful South Norfolk squad to a 6 all tie. The game was rough and tough throughout with the Warwick men evening the count in the final moments of play.

**Warwick 12—Suffolk 7**

Three thousand fans packed the Apprentice Field to witness the Farmers stage a spectacular and powerful homecoming show and topple Suffolk Hi's Raiders by a 12-7 count from their unbeaten position on the conference list. The Suffolk squad displayed speed and deception but the dauntless Warwick power was the deciding factor.

**Warwick 6—James Monroe 12**

Turkey Day found the Farmers in Fredericksburg where two thousand fans witnessed the Farmers dominate the play throughout the entire game but lose the official verdict of an intercepted pass and a 80 yard touchdown gallop. The final score was 12-6 in favor of the Jackets.

## BASKETBALL TEAM

## BASKETBALL '46

When old man North Wind blew his frosty breath upon the Virginia Peninsula, the athletes of Warwick High abandoned the gridiron and donned their cage uniforms.

The Warwick Basketeers were under new leadership this season as Coach Formichelli took over the reins. With approximately ten lettermen on hand, experience was plentiful but still many kinks had to be ironed out.

After one week of practice, the Farmers encountered the first of four scheduled practice games. This engagement was with "The Saints" of Saint Vincent High School, who nipped

"Tip-off"

"Hot-Shot"

the Farmers in a close contest. The Warwick lads then went into Class A competition and out on the short end of the scores against Woodrow Wilson of Portsmouth and N.N.H.S. of our Peninsula.

Finding out that they were still not ready for action, the team began extensive drilling and buckled down to hard practicing. The last practice saw the Farmers successfully pitted against Poquoson Hi School.

Crossing the river to Norfolk, the Farmers took on the Alexander Parkers who could not match their sharp-shooting. The Farmers put on a scoring parade.

"Scramble"

Returning to the home court, the Warwick lads played host to the Suffolk Five and administered a fine game to edge out the Red Raiders!

Number four victory was donated by the Red Raiders to Warwick.

Playing out a return match with the Red Raiders, the Warwick Five ran into trouble and came home with heads low. They were defeated for the first time in League competition.

The Farmers seem to be a little off their stride, for in their last two outings they have been defeated. With three remaining games to be played, they are fighting for a bid to the Class B tournament to be held at Portsmouth, Va.

# Baseball Season '46

Last year's Warwick High School baseball team carried away second place honors in the district. Under the able coaching of Bill O'Hara, the Farmers of the diamond won eight contests and lost three.

Their standard was high in sportsmanship and school spirit. Their achievements on the diamond were a credit to Warwick County High whose students will long remember the 1946 baseball team.

With the return of nine lettermen we predict the 1947 baseball season to be highly successful.

# Track Team '46

Track was a new sport at Warwick in '46 and won a place in the hearts of all the students. The Farmer Thin Clads, coached by Bobby Spangler, placed second in district competition and gained a fifth place at the All State Meet in Charlottesville. The team, participating in six meets, won a total of four.

Our track men, although short on experience, proved to be strong in talent and determination. The spirit these boys showed and the thrills they produced will long live in the annals of athletic history at Warwick.

# What to do after graduation

Choosing the right career to follow after high school days are over is a problem faced sooner or later by every girl in the senior class.

For many past graduates, telephone work has offered most of the things a girl looks for when seeking a place in the world: pleasant associates . . . clean, wholesome surroundings . . . high pay . . . regular increases and opportunities for advancement . . . paid vacations . . . the knowledge that the work itself is important and interesting.

There are opportunities in telephone work after graduation. The telephone company is "a friendly place to work."

Sometimes it is the nature of a craft to create an unbreakable tie between itself and the worker in that field, a heart attachment equal to lifetime devotion. One familiar example is PRINTING. Once editor, once compositor, or pressman catches the spirit of the shop, the spell is seldom broken. Like the odor of a camp fire, or a whiff of salt air, the beloved tang of printer's ink, symbolical of a great profession, gets into your heart and soul. School Annuals, Magazines, Newspapers and Special Printing, all smack of it. It is an invisible link that binds all intelligence together. It is the stimulus for creation in business or romance. This craftsmanship, this devotion to service and alertness to business needs, has nourished and developed enormous industrial vitality and whichever way the course of the future runs, the printer will always find himself able to adapt his helpfulness to new opportunity.

YEARS OF EXPERIENCE HAVE TAUGHT US! PRINTING PAYS US ONLY WHEN IT PAYS YOU!
